

Dr. Lee Drinkard

Medical Oncologist

“I’m proud to be a part of a large, integrated, single-specialty group with such a great track record of care. Making a contribution to the practice and to our patients is important to me.”

Dr. Lee Drinkard is committed to providing cutting-edge, evidence-based care to patients with cancer and blood disorders with a high level of personal compassion. He specializes in the newest techniques treating diseases such as breast cancer, lung cancer, colon cancer, blood disorders and a wide array of other types of cancer. Dr. Drinkard is an experienced oncologist who treats all kinds of cancers with a caring approach. He sees patients at Choice Cancer Care offices in Southlake, Lewisville and Las Colinas.

Dr. Drinkard received his medical degree from West Virginia University in Morgantown, West Virginia, and completed his internship and residency in Internal Medicine at George Washington University in Washington, D.C. He also completed a three-year fellowship in Hematology and Medical Oncology at the University of Chicago Medical Center in Chicago, Illinois.

Dr. Drinkard has authored numerous publications and studies in the field of medical oncology and actively participates in many national clinical trials. He is a member of the clinical faculty at the University of Texas Southwestern School of Medicine, is a Fellow of The American College of Physicians, and is Board Certified by the American Board of Internal Medicine in both Hematology and Medical Oncology.

Dr. Drinkard resides in Las Colinas, and enjoys studying history, particularly of religion and of the United States. He also enjoys working with new computer technology.
